ASHFIELD PRIMARY SCHOOL UNIFORM CODE

Ashfield Primary School chooses to have a School Uniform Code, which is based on a uniform in School Colours, because at Ashfield Primary School we believe that:

- A uniform establishes a sense of pride, belonging, purpose and identity among students.
- A uniform is non-discriminatory and does not distinguish between students from different socio economic backgrounds.
- A school uniform is exactly that – designed for school where the core purpose is learning.
- A uniform is an investment for parents which reduces the expense of other clothes that parents may have to purchase.
- Uniforms stop the daily dilemma of a student trying to decide what's 'cool' to wear to school and turning classrooms into a fashion competition.
- A uniform presents a unified image to the public and can be easily identifiable in the community.
- A uniform can make a statement in the community and create a perception of a sense of order and discipline in the school environment.
- A uniform is a safety measure and makes it easy for duty teachers to see if any unwelcome visitors are in the school environment.
- It also helps recognise students when on out of school activities.
- It is the expectation of the school that students will wear the uniform at all times unless granted an exemption. Such exemptions will be granted on health and religious grounds after negotiation with the Principal and/or Deputy Principal.

Students Not Wearing School Uniform:

- Students not complying with the school uniform code will be asked for an explanation before being directed to the office for a change into a clean school uniform for the day that will be handed back at the end of the day.
- Regular occurrence- parents will be contacted to seek support for the school dress code.
- Students not in uniform who are participating in a school excursion will be asked to wear a provided clean school uniform for the occasion.
- Students who participate in non-essential school activities who chose not to comply with the school uniform code may be withdrawn from the activity.
- This school uniform code will be communicated to parents through: the school information booklet; updates and reminders in the school newsletter and school APP; a copy provided on enrolment.
- Acceptance of enrolment at Ashfield assumes agreement that the enrolling student will comply with the dress code unless exemption has been granted.

School Uniform Code Requirements:
